## Every Child Matters (2003)

Child and Adolescent mental health is 'everyone's business' not the sole preserve of Specialist Mental Health Services such as the IOM CAMHS.

"Children and young people with mental health problems receive help and support from a wide range of professionals in partner agencies and Primary Care Services".

DEPARTMENT OF HEALTH

*Rheynn Slaynt*

## Development of Mental Health School Nurse

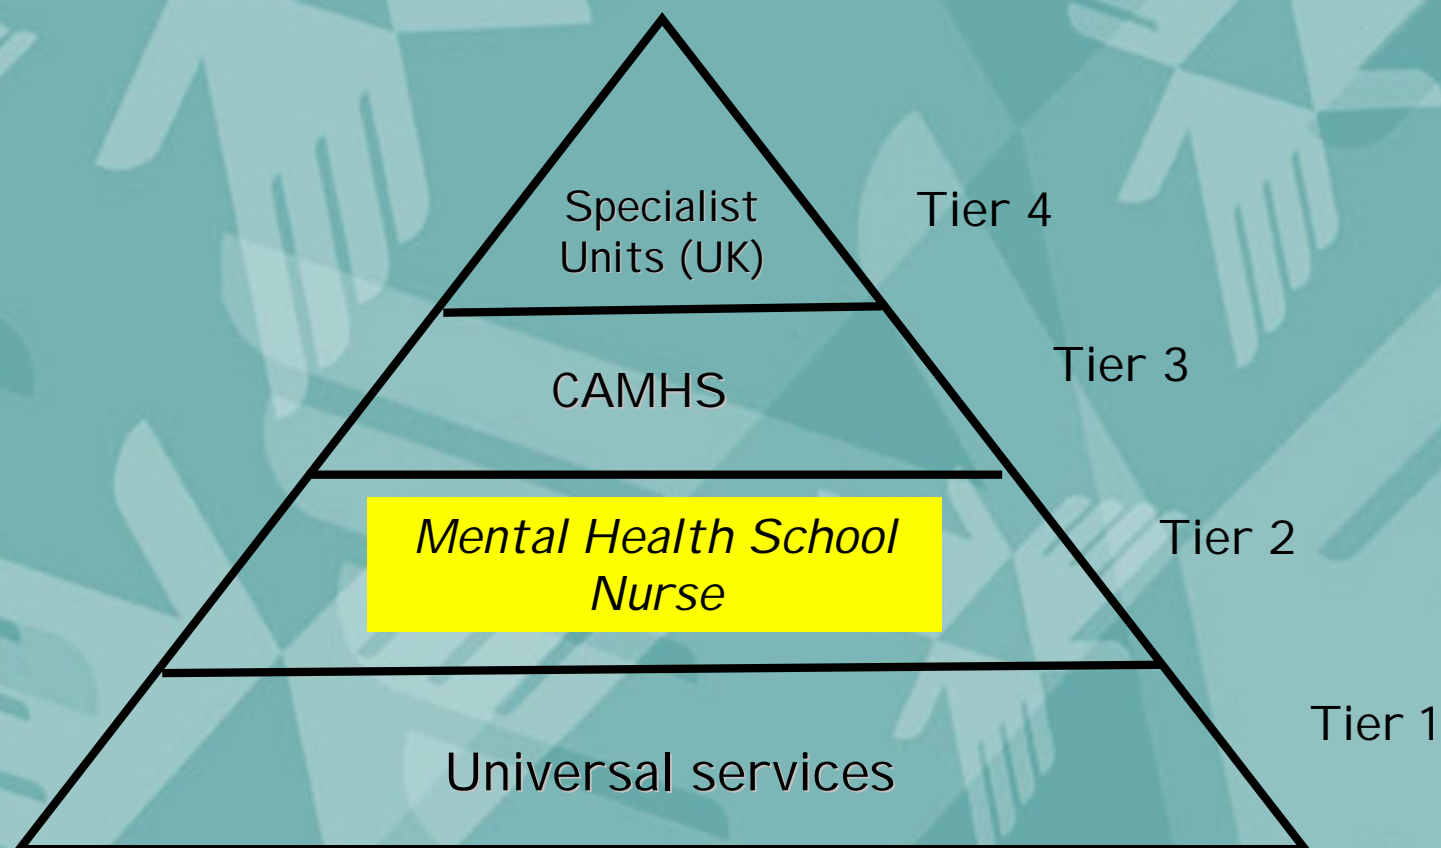

- School nurses frequently encounter children who may be experiencing mental health problems
- Children and young people not requiring tier 3 services being managed by tier 1
- No development in specialist CAMHS for primary care mental health worker
- High incidence of teens attending A&E with self-harm and/or alcohol poisoning

DEPARTMENT OF HEALTH

*Rheynn Slaynt*

## Tiered services on the Isle of Man

DEPARTMENT OF HEALTH

*Rheynn Slaynt*

## Service Aims

- Early intervention, accessible in the least restrictive environment.
- Partnership working, eg parenting programmes.
- Training and supervision for tier 1 professionals
- Signposting children, young people and their families
- Promotion of positive mental health, emotional well being in school age population

DEPARTMENT OF HEALTH

*Rheynn Slaynt*
